

**U** Evolve  
Selection

CREATING  
A PERFECT  
BALANCE

A person is captured mid-air, performing a high takeoff on a wakeboard. They are upside down, with their feet on the board and their hands reaching out. The background shows a large body of water with a forested shoreline under a cloudy sky. A thick, multi-colored rainbow graphic (yellow, green, blue) curves along the left side of the image. The text 'Awake! be ready to Evolve your life.' is written in a white, cursive font in the upper right quadrant.

*Awake!  
be ready to  
Evolve your life.*

Our products are manufactured under stringent quality controls and is recipient of ISO 9001:2008 Quality Assurance and ISO 14001:2004+Cor.1:2009 Environmental Management System Standards.

With the constant upgrading of products, PERFECT U reserves the right to make appropriate changes of specification without any prior notice.

## FEATURES & BENEFITS

- 1 SEAT HEIGHT ADJUSTMENT**
- Lift right-hand lever up to adjust the seat height without sitting on the chair.
  - To lower the seat height, lift right-hand lever up while seated.
  - For optimal posture, thighs should be parallel with ground on both feet flat on the floor. This improves blood circulation and comfort.

- 2 TENSION CONTROL**
- Turn tension control clockwise for a more rigid back tilt and anti-clockwise for a softer tension to suit varies body weight.
  - The tension control allows comfortable and relaxed seating according to body weight.

- 3 MOULDED SEAT (MS33)**
- Special engineered seat cover for quick installation and moulded seat for comfort seating.

- 4 HEAVY DUTY SYNCHRON MECHANISM (M7)**
- BIFMA standard heavy duty mechanism with 5 positions locking and "Anti-shock" system that prevents sudden jerky impact to the spine when backrest is released.

- 5 SYNCHRON MECHANISM (M73)**
- BIFMA standard synchron mechanism with 3 positions locking and "Anti-shock" system that prevent sudden jerky impact to the spine when backrest is released.

- 6 ADJUSTABLE ARMREST (130A)**
- BIFMA standard height adjustable armrest with PU padding to provide comfortable resting position for the arms.

- 7 FIXED ARMREST (132A)**
- BIFMA standard modern design fixed armrest with PU padding to provide a natural seating position for the arms.

- 8 NH1 BASE + R2 ROLLER**
- BIFMA standard nylon high base with 60mm nylon roller.

- 9 SIT-TO-STAND SEATING (STS)**
- Special engineered double column sit-to-stand gaslift with NH4 nylon base to strengthen stability and able to accommodate seat height range of 175mm (480-655mm) ideal to use with height adjustable table.

- 10 STOOL SEATING (SB)**
- Special engineered double column stool gaslift with NH4 nylon base to strengthen stability and able to accommodate seat height range of 235mm (550-785mm) ideal to use with high bar table.

- 11 CANTILEVER BASE (CE42)**
- Epoxy black cantilever sledge base for visitor.
